

PRESS RELEASE

Date: 23rd September, 2026

ODPP TRANSFERS STAFF

The Office of the Director of Public Prosecutions (ODPP) wishes to inform all its stakeholders that it has transferred a number of staff members across its various offices and stations.

The transfers are part of the Office's routine human resource management and institutional strengthening measures to ensure the effective and efficient delivery of prosecutorial services nationwide.

This exercise has been undertaken in accordance with the applicable human resource policies and administrative procedures of the Office. It takes into consideration the operational needs of different stations, staff experience and expertise, institutional requirements, and the need to ensure the continued availability of quality prosecutorial services to the public.

Staff affected by the exercise have been duly informed and are expected to take up their new assignments with immediate effect.

The ODPP appreciates the commitment and contribution of all staff members who have served in their respective stations and encourages those transferred to embrace their new assignments with professionalism, integrity and dedication.

The Office further assures members of the public that the transfer exercise will not disrupt the delivery of prosecutorial services. Prosecutors and other relevant staff will continue to attend to criminal matters and provide prosecutorial services at all ODPP offices and courts across the country.

The ODPP remains committed to strengthening the administration of criminal justice and ensuring that prosecutorial services are delivered professionally, independently, fairly and efficiently.
